ARTLINE ENGINEERING L.L.C

COMPANY PROFILE · 2026

FIT-OUT & CONSTRUCTION FOR THE UAE'S LEADING BRANDS

DESIGNED, BUILT AND FURNISHED BY ONE TEAM.

Our own engineers, architects and carpentry workshop take global brands, government and private clients from first sketch to keys in hand.

WHO WE ARE

BUILT ON DETAIL, TRUSTED ACROSS THE UAE

Artline Engineering is a construction and fit-out contractor with offices in Dubai and Fujairah. We deliver complete interiors for retail, food and beverage, healthcare, government and residential clients.

Design, joinery, aluminium and glazing, and site works are all handled in-house. That keeps quality, cost and programme in one team's hands, from first drawing to handover.

VISION

To be the UAE's first call for construction and fit-out, known for high-quality work at a fair price.

MISSION

To deliver workmanship above market standard on every project, and to keep growing the skills of the people who build it.

15+	50	33	3
years of fit-out & construction	projects delivered since 2021	government & corporate clients	ISO management system certifications

LEADERSHIP

THE TEAM BEHIND EVERY HANDOVER

FUJAIRAH OFFICE
Fujairah Tower, Office 806 · P.O. Box 8946

DUBAI OFFICE
Al Riqqa, Deira · P.O. Box 8905

DESIGNED, BUILT AND FURNISHED BY ONE TEAM.

SERVICES

ONE CONTRACTOR, FROM DRAWING TO HANDOVER

BUILDING CONTRACTING
Building projects carried from shell and core through to a finished, handed-over space.

INTERIOR FIT-OUT & DECOR
Turnkey shops, restaurants, clinics and offices in malls and standalone buildings.

CARPENTRY & FURNITURE
Counters, display units, wall cladding and loose furniture from our own workshop.

ALUMINIUM & GLAZING
Shopfronts, glass partitions and framed glazing for retail and office spaces.

DESIGN & APPROVALS
Design development, shop drawings and authority approvals by our technical office.

MAINTENANCE & RENOVATION
Re-partitioning, unit merges and refurbishment of occupied commercial spaces.

HOW WE DELIVER

01

BRIEF & SITE SURVEY
We walk the site with you, confirm the scope, budget and programme, and measure up.

02

DESIGN & APPROVALS
Our technical office develops the design and shop drawings and secures authority and landlord approvals.

03

WORKSHOP PRODUCTION
Joinery, counters and furniture are built in our own carpentry workshop while the site is prepared.

04

SITE WORKS
Our site team runs civil, MEP coordination, finishes and installation under one programme.

05

HANDOVER & AFTERCARE
Snagging, completion certificate, and support through the defects liability period.
